(a) Two stores, one catalogue

Germany
many purchases

Mexico
few purchases

Same products

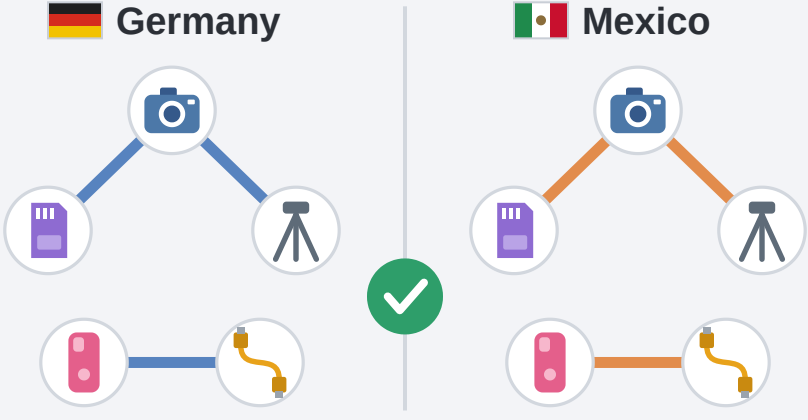

No shared shoppers

(b) Popularity stays local

Best-sellers differ between countries:
German top items mislead in Mexico

(c) Shopping patterns travel

Bought-together links mostly match:
camera → card, tripod; phone case → cable

(d) What should Mexico borrow?

A Mexican shopper just bought a phone case. Using German data:

Borrow best-sellers

Suggests camera, tripod:
popular abroad, unrelated here

Borrow co-purchase patterns

Suggests charging cable:
a link that also holds in Mexico
