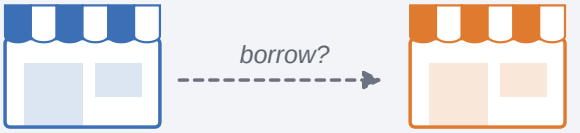
(a) Two stores, one catalogue



Germany
many interactions

Mexico
few interactions

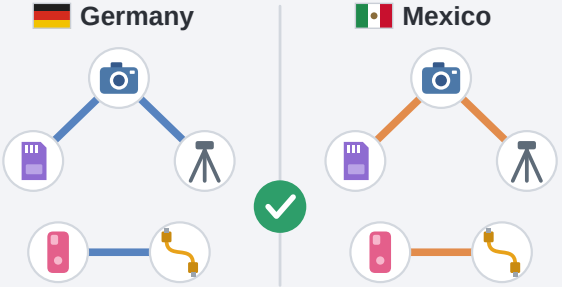
Same products

Users keyed per store

(b) Most-reviewed products differ

Most-reviewed products differ:
German top products mislead in Mexico

(c) Co-interaction links largely shared



Co-interaction links mostly match:
camera – card, tripod; phone case – cable

(d) What should Mexico borrow?

A Mexican user just reviewed a phone case. Using German data:

Borrow most-reviewed products

Suggests camera, tripod:
popular abroad, unrelated here

Borrow co-interaction patterns

Suggests charging cable:
a link that also holds in Mexico
